55 Gallon Concrete Vacuums

The 55 gallon series vacuums from Crusader are available for those large recovery jobs when a 15 or 30 gallon vacuum is just too small. They are affordable, powerful units designed to fit any standard steel drum. Add the sturdy 55 gallon cart (#8055-CART) available exclusively from Crusader for easy maneuverability across rough terrain on the jobsites. This vacuum comes equipped with a filter bag for wet slurry recovery but can also be used for dry recovery with the proper filters (4049 coated bag, 4031 filter protector).

Features

- Easily adapts to any standard 55 gallon steel drum
- Constructed of powder coated steel
- Can be used for both wet and dry
- Comes with 1 1/2” 15’ crushproof hose
- Powerful 2 hp., 105” water lift motor
- Stainless hardware on the chrome steel vacuum head assembly
- Float shut-off system
- 35’ 16/3 Power cord
- (#8055A Drum adapter only) 55 gallon adapter only available for use with your existing powerhead, float cage assembly, filter bag, and hose from your 15 or 30 gallon vacuum.

M1050-55-CC with optional #8055-CART 55 gallon cart shown above. (Drum not included)

Comes with Crusader Standard Warranty

---

**#8055-CART 55 Gallon Cart**

The 55 gallon cart is made of heavy duty powder coated steel and is much more sturdy than a standard drum dolly. It features 10” pneumatic wheels and 4” heavy duty extra wide front casters for easy maneuverability across rough terrain.

**#4077 55 Gallon Drum Dolly**

The 55 gallon drum dolly is an economical way to make a 55 gallon drum vacuum maneuverable. These are good for when the vacuum is not being moved around a whole lot, but still needs to be able to be moved for emptying, etc.

**#8055A Drum Adapter Only**

For use with your existing powerhead, float cage assembly, filter bag, and hose from your 15 or 30 gallon vacuum
